Autism Awareness Vocabulary

Complete the activity.

1. Social Interaction Problems Some kids with autism play differently, have trouble making eye contact and have trouble making friends.
2. Rett's Syndrome Occurs most often in girls - unlike autism, girls initially show normal development, then revert.
3. Autistic Savant An autistic individual that has incredible ability for one or two skills.
4. Asperger's Syndrome On the Autism Spectrum, defined by impairments in communication and social development and by repetitive interests and behaviors but having no significant delay in language and cognitive development.
5. Therapists Helps kids overcome or adjust to many difficulties, including speech, living skills and social skills.
6. Autism A neurological disorder that affects the normal development of communication and social skills.

Rett's Syndrome	Autism	Autistic Savant
Social Interaction Problems	Therapists	Asperger's Syndrome
Dietary Intervention
